

Are you among the 13 million Americans suffering from Chronic Obstructive Pulmonary Disease (COPD)?

If you suffer from difficulty breathing that gets in the way of your daily activities, and from doing things you enjoy. You may qualify to participate in an ongoing clinical research study for COPD.

You may qualify to participate if you are:

- 40 years or older
- A current or former cigarette smoker
- Diagnosed with COPD
- Able to commit for up to 12 months for study related visits
- Other criteria's will apply

Qualified participants will receive:

- All study related evaluation and care
- Study medication at no cost (no placebo)
- Compensation for time and travel may be provided

For more information and to see if you qualify, please contact:
