

Tired of Restless Legs?

When trying to sleep do you have:

- Discomfort or pain in your legs, which worsens when resting
 - A strong urge to move your legs for relief
- Tugging, burning, creepy-crawly or pulling in your legs

A research study is being conducted to help treat Restless Legs Syndrome, or RLS.

If you have symptoms of RLS, call today:

Kentucky Research Group
502-479-1219

www.rls-study.com

Participants will receive free study-related exams and study medication.
